HIKE TO TROLLPIKKEN

IN THE LAND OF THE TROLLS

Trollpikken, an awe-inspiring stone formation with its unmistakable phallus-shaped silhouette, is an intriguing geological marvel that bears a name that leaves little to the imagination. **Trollpikken, directly translates to what you might expect.**

The journey to this site begins with a short coach ride from the cruise pier. Once you disembark, a 2.4-kilometer hike awaits, leading you to the world-famous local landmark that has attracted visitors from around the globe.

The unique moonlike landscape you'll encounter on the hike to Trollpikken are more than just visually stunning; they are also steeped in stories

and fun facts, enriching your experience with layers of history and geology. With every step you take, you'll uncover fascinating tales of how these rock formations came to be, offering a window into the geological history of the region. The interplay of forces like erosion, weathering, and the ceaseless march of time has created the landscape that you are now privileged to explore.

Along the way, you'll encounter small streams that meander through the landscape, waterfall with pot-holes along the road and a rugged rocky terrain.
